Karakas for the Chart, and the Sudarshan Wheel

The upper page, "Karakas for Chart" is very handy because it lists the karakas that apply to a particular planet, and it's house and sign in a chart. This report has a number of pages covering all the planets. Below is the standard Sudarshan Chakra which can also act as just a 3-ring chart overlay window or printout.

Comments:

Aries Moon with Leo Moon: Fire with fire is a positive combination and provided you do not both try to be boss, this can be a stimulating duo. Leo can appreciate the Aries drive and initiative while Aries is not overwhelmed by the big ideas, power and largesse of Leo. Both signs are outgoing, extroverted, warm and vibrant.

Regarding "Dina Kuta", the man's star is preferred to be 0, 2, 4, 6 or 8 stars away from the woman's, after removing multiples of 9. In this case it is 2 away.

In the category of Gana, the nature of the two individuals, the match is not so great. His is Manushya and her's is Devic. The Gana of individuals is important in that it is hard to rectify incompatibility of our basic natures. The three types of Gana, devic or "divine", Manushya or "human", and Rakshasha or "base", have much to do with the things we feel comfortable with in life.

Regarding "Mahendra Kuta", the man's star is preferred to be 4, 7, 13, 16, 19, 22 or 25 stars away from the woman's. In this case it is 11 away and therefore there is no agreement here. Positive agreement regarding Mahendra Kuta promotes general well being and longevity of the relationship.

Regarding "Stree-Dirga Kuta", the man's star is preferred to be more than 9 stars away from the woman's. In this case it is 11 away and therefore there is agreement.

Regarding the Yoni Kuta, or sexual compatibility, the match is Mediocre. The Man's Yoni type is that of a Female Rat. The Woman's Yoni type is that of a Male Horse. The match is a little helped by the fact that the Yoni sexes of the two individuals are at least opposites.

Regarding Rasi Kuta: The ideal is to have Moon Signs which are across from each other in the zodiac, such as Aries and Libra, or Gemini and Sagittarius. In such a disposition, the man's Moon Sign is 7 signs away from the woman's. In this match, the man's Moon Sign is 5 signs away from the woman's, and the overall prediction for that distance is Unhappiness. However, because the Lords of the two signs are mutual friends, it is considered an acceptable Rashi Kuta, receiving 5 of the possible 7 points.

The Graha Maitram, or friendship of the Moon sign lords, is very important because it has a strong say in the friendship of the two psychological natures of the couple. In this case, 5 out of a possible 5 points was obtained. The friendship of the two lords involved here is Excellent.

Compatibility

This is one of two types of Compatibility printouts that GJ offers. This one is for standard compatibility use. The other is for general, such as business or friendship. In either case, GJ goes further- by using all the planets if you wish, not just the Moon.

Windows Minimum Requirements

- **Pentium or Pentium II (fast 486's/586's work slow)**
- **16 MB RAM (more is always better)**
- **120 MB of available hard disk space (or more)**
- **CD-ROM Drive**
- **Color Monitor**
- **Windows 3.1, 95, 98 or NT**

Want our recommendations for a "killer" system? Sure: Get a 166 Mhz Pentium or better, 32 MB RAM or more, 300 MB available disk space, 17 inch color monitor running at 800 by 600 resolution and hi color mode. Lastly, a color Ink Jet printer with a lot of memory and speed. Do not buy "cheap" printers. Get a good one with a higher, not lower, amount of memory and speed.

Note: If your system does NOT meet the above minimum requirements, please see the section on Version I of our software, which we do still sell and support for those with older computers.

Macintosh Minimum Requirements

- **A Fast Mac, preferably a PowerMac* or G3**
- **16 MB RAM (or more)**
- **120 MB of available hard disk space (or more)**
- **CD-ROM Drive**
- **Color Monitor**
- **System 7 or OS 8**
- **Powerbooks that meet the above are fine too**

Want our recommendations for a "killer" system? Sure: 120 Mhz PowerMac or better, the new G3 Macs will of course really fly, 32 MB RAM or more, 300 MB available disk space, 17 inch color monitor running at least 800 by 600 resolution. Lastly, a speedy and heavy duty color Ink Jet printer, like the high end Stylewriters. Do not buy "cheap" printers. Get a good one with a higher, not lower, amount of memory. Laser Printers are great too of course.

Note: If your system does NOT meet the above minimum requirements, please see the section on Version I of our software, which we do still sell and support for those with older computers.

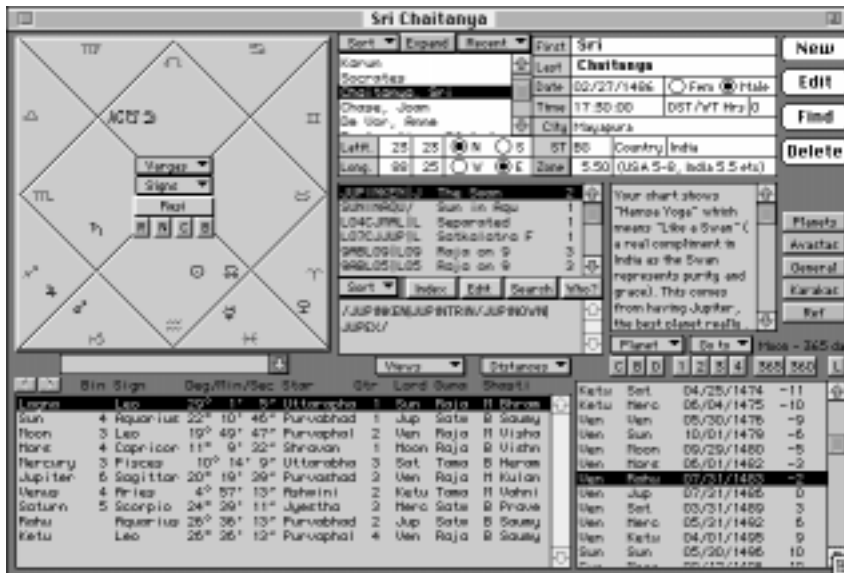

*Very many Macs will work, even old ones. The only question becomes speed. Only the fastest Quadras and PowerMacs at 80 Mhz and up will really be acceptable. 100 Mhz PowerMacs and up is where it feels good.

About Version 1

The current and best version of Goravani Jyotish Software is version 2. Version 1 is our past, but still very good program, and we still sell it, because it is leaner, and hence runs faster on older computers, which Version 2 can choke. So, if you have a slow Mac, or a 486 PC, then it's better to go with Version 1, which is still great. Version 1 runs on these older, slower systems, and requires them to have only 8 MB of RAM minimum, and 45 MB of disk space for installation. These minimum requirements are quite a bit less than what Version 2 requires. Version 1 is very powerful still, and has all the features that most people use, whether they have Version 1 or 2. So if you have an older computer, don't feel bad, just get Version 1 and get to work. You'll love it!

Transit Readings for Albert, Jr. Gore

♄ ♃
Saturn in Pisces

Saturn in Pisces transits four houses from your Moon.

Saturn in 4th house will bring domestic troubles, bereavements, unfavorable changes, and hallucinations etc. To the more highly evolved individual a desire for rest, and more attention to the needs of the household, preparations for the closing years of life (Its transit in 2nd or 3rd cycle), and securing benefits to family and heirs after the close of the earthly career. An important transit as the house indicates domestic life. Any domestic problem will become critical which you should solve calmly. This could be anything from simple reorganizing to major reshuffling of your relations and contracts in domestic life. Your house may become a tremendous burden, because of payments, repairs etc. Past incidents, not settled earlier, may come into prominence. This is an especially good period to resolve them now. Start modestly for steady rise in life. Any negative factor at work here will oppose your successful achievements later as this house is opposite to your 10th house of career. Parent's health may not be satisfactory. Disagreements with wife, relations and superiors are likely which will bring about their displeasure. Mean action, disrepute, misery and unhappiness.

Saturn in Pisces transits nine houses from your Ascendant.

Saturn passing through the 9th house will bring legal troubles, disputes with partners and relatives and unfavorable voyages; For those with a progressive nature this transit gives calm and deliberate thought regarding metaphysics, equity into Philosophy and a devout mind, prone to meditating and thinking deeply. There may be some financial loss as Saturn aspects the 11th house. The 9th house being a house of law can indicate legal difficulties. There can be long journeys, but if your natal 9th house has adverse planetary combinations there is danger of accidents. Saturn will give concentration into religion, metaphysics or philosophy. Learning is very pragmatic at this time. Enemies may not trouble you, but you may experience diseases, decrease in income, criminal prosecutions and punishments, fruitless attempts, sorrows and unhappiness. May cause ill health to father and even death.

♃ ♄
Jupiter in Capricorn

Jupiter in Capricorn transits two houses from your Moon.

Jupiter passing through the 2nd house increases financial prospects. If birth chart is good for finances, it increases the income and adds considerably to the possessions. The native will acquire money and domestic happiness. Defeat of opposition, marriage, birth of son, new position and status are indicated. The transit will be favorable in the sphere of material possessions and resources, but it is excellent also for an increase in your spiritual standard as well as other dimensions of your life. Guard against mismanagement of your resources. Comforts and pleasures will be at your command. A good period for investment and purchase of property.

Jupiter in Capricorn transits seven houses from your Ascendant.

Jupiter passing through 7th house is good for marriage, partnerships, and unions of all kinds. It binds persons together causing unity and satisfactory ties. This can lead you into trouble. A close relationship with a foreigner or partnership with opposite sex will be to your advantage. If you marry during this transit, the partner will be older than you. Overall, one will travel on an auspicious undertaking, will be happy with wife and blessed with children, respect and

List of Yogas found in Rasi Chart of:		Page 1
Abraham Lincoln		
Arishta Bhanga	Because you have the strongly beneficial Jupiter in either a trine or angle house, there is cancellation of all evils indicated in the chart. This means that, when bad things come in the life, they will also automatically dissipate in strength, and the outcome will not be so bad. You are protected by divine grace and past good karma.	Jupiter is in a trine or Jupiter is in a Kendra.
Chandra Mangala by Aspect	In your chart, Mars is aspecting the Moon, which is a weak version of "Chandra Mangal" Yoga, where Mars and the Moon occupy the same constellation. This combination will definitely give your mind a passionate streak. You tend to be fiery and energized and sometimes impatient and quicktempered. How exactly this will effect your life depends on different other factors in the chart, like what other aspects the two involved planets receive, what houses they occupy, and whether Mars is a benefic or a malefic for the rising sign.	Moon is aspected by Mars.
Children	The fifth house generally has to do with children and this yoga indicates moderate blessings on the fifth house which leads us to believe that the relationship with children will be an overall happy experience.	Gemini is in 5 or Virgo is in 5 or Taurus is in 5 or Libra is in 5 or Sagittarius is in 5 or Pisces is in 5, and 5 is aspected by a benefic or Jupiter is in 5 or Venus is in 5.
Daridra	A variation of "Daridra" Yoga is present in your chart. At times you will experience some poverty or financial difficulties. This is a common and general combination that many people have, and it accounts for the general type of troubles that come and go in most of our lives.	The lord of the 5 conjoins the lord of the 6 or the lord of the 5 conjoins the lord of the 12 or the lord of the 5 conjoins the lord of the 8, and is not the lord of the 5 is aspected by a benefic, and is not the lord of the 5 conjoins a benefic.
Daridra	A "Daridra Yoga" is present in your chart. Because Saturn is aspected by the "dangerous lords" of the 2nd or 7th, there is therefore indication of suffering various types of difficulties when these planets are ruling the sub periods of your Dashas, or when certain transits empower them to take control.	Saturn is in 1, and is not Saturn is the lord of the 9, and is not Saturn is the lord of the 10, and Saturn is aspected by the lord of the 2 or Saturn is aspected by the lord of the 7.
Good Creativity	A good fifth house blesses your offspring, especially your first child and generally your relationships with children, according to the the standard Indian interpretation of these placements known as "Saputra Yogas", or combinations that make for an "auspicious son". It also speaks to overall ability and success in the process of creation and off-springing quality things in life.	Jupiter is the lord of the 5, and the Sun is in Aries or the Sun is in Leo or the Sun is in a trine or the Sun is in a Kendra, and is not the Sun DEB.
Good for Kids	This placement helps giving happiness from fifth house affairs such as children, intelligence, creativity and entertaining others.	Jupiter is in 5, and Venus is in 5.
Happy	A well aspected fourth house or a favourably placed fourth lord can indicate living in nice houses, owning nice cars and having a fortunate mother or having a good relationship with her. It is a beneficial indication for overall happiness in life.	The lord of the 4 is aspected by Jupiter or the lord of the 4 conjoins Jupiter or 4 is aspected by Jupiter or Jupiter is in 4.

List of Yogas with Text

There is also a version of this report without the text, just listing the yogas and their causes. Some of these yogas have had their names translated. Some users prefer the Sanskrit names. These names are the translations of the original Sanskrit.

Easy to Install and Use

Installing the program is totally automatic and easy. Anyone can do it. Many complete beginners, both new to computers and our program, have had no problem installing it on their own, because it's totally automatic. Then, using the software is equally easy. You simply click "New" to start entry, then enter a few pieces of information, then click "OK". That calculates the chart and all, and then you just start surfing around the buttons and menus, looking at things, or printing things out. That's it! There's not much to learn, and very few need to read the manual at all. Think of the program as fun. However, it's also powerful. It is rightly considered by many professionals to be the most powerful astrological program on Earth today. That's because it has powerful features, but all framed within an easy to understand and use interface. The more you learn astrology, the more you will come to appreciate what's been given to you in Goravani Jyotish.

References from some of our users

These are just a small sampling of the many kind letters we have received from our users.

I am so glad I got your program! It has so much capability. I looked at my own chart and even though I am quite familiar with it, your program told me some things about it that I never noticed. - JP

The program is simply amazing...brilliant. Thank you very much. - DD

I have been using your beautiful program for all my work these days . . . and am very happy with the detail, presentation, and depth. Not only is it a fine consulting tool, it is an excellent teaching tool. I love that the readings feature allows me to edit and save my own readings file. You have created a truly magnificent and thoughtful piece of software! - LA

It's working beautifully. Utterly delighted with the program. - EP

PHEW! I was guided in this choice...I am very pleased. - MM

Your program is fabulous and has almost everything a person could ask for. I think you classify as a genius. - RD

The software is fantastic!! I can appreciate it because I used to spend weeks to work all these details out manually when I used to prepare extensive charts about twenty years ago in India. Traditional, Krishnamurti, Transits, Varshaphala you have got the whole lot. The analysis in terms of the various yogas occurring in the horoscope is brilliant. The reports on interpretations based on yogas, sign/house combinations, planet positions and aspects is excellent. The software is easy to use and the extensive support material helps me polish up my some of my rusty concepts. I am delighted and I feel frustrated that I can not find words to convey how much I appreciate this software. I understand Jyotish. I also understand Human Computer Interaction and Software Engineering as I design Tutoring Systems. I can therefore appreciate the software in all its glory. Such work has to be inspired. I can feel in my bones that the spirits of the Bhrgu, Parashar, Garg, Yavan, Chyavan, Bhaskar, Varah Mihir and all other rishis, munis and acharyas are happy and bless you.

Ashok Patel
Director, CAL Research & Software Engineering Centre

I'm convinced that this is the best vedic software ever I have seen. - HS

Thank you so much for such a wonderful program, it is an invaluable jewel. I am really impressed. I learned to use your program 85% in one week. I learned in your program in one week what I learned from other courses in 6 months. -CF

I just wanted to take a moment to tell you how impressed I am with Goravani Jyotish software. The amount and detail of the yogas is incredible. The way you've programmed the software to call the various yogas from the planets is great for a beginner. I can click on a planet and instantly see the yogas and the significance of the placement. From the same screen I can click on another chart type (Rasi, Chandra Lagna etc..) and see the planet readings for placements in that type of chart. It is so easy, fast, and thorough. The advanced dasha techniques are enough to keep you busy learning for years. Most impressive to me is that I had a \$180 reading done by one of the countries preeminent Vedic astrologers who has written several books on the topic and his reading PALED in comparison to your program. I could have told him more about myself from Goravani Jyotish than he told me and I just got into astrology several weeks ago! Great work! - MX

I salute you for the great service you have rendered Hinduism; you have taken it out of the hackneyed, cliché ridden world of deadwood explanations and offered interpretations that are so insightful. You have posited the scriptures to the place where they belong, to the position of the highest science, to the abode of 'sat chit ananda', to the position where the 'Rishis' viewed it from. - VM

Your program is very complete, I love it, You've put together an excellent vedic package, and I thoroughly enjoy working with it. -SC

I received the software earlier this week and have been enthralled since. The video was very helpful. Thank you. There is so much to Goravani Jyotish that I can see

This report, which comes from the Yogini Dasha Print window, is our main "Dasha Merge" printout. Here we see the four most popular dasha systems, Vimshottari from Moon and Lagna, then Yogini and Chara dashas, all merged together so that you can easily see the overall dasha patterns at any time in a life. The totals of ruling planets is given on the far right.

that it could take years to become proficient in all of the features. It's amazing how accurate the program is regarding personalities. -FD

I have a two friends here who have purchased your program and one of them gave me a demonstration. WOW! The best jyotish program I have seen to date (I've seen most of them and own about 5 or 6). -RD

I'm very impressed. I had no troubles, everything is excellent. -AP

For the western-oriented astrologer learning Jyotish, Goravani Jyotish is a god-send. It is not only the best Jyotish program available, it is one of the very best astrology programs available. It has made the formidable task of learning Jyotish fun, easy, and immediately useable. I continually marvel at the depth of the program that will keep me learning for a long, long time. This has been one of my best investments in my astrological education. Thank you Das, for your commitment to excellence and your labor of love to make Jyotish available to the West. -BB

Thanks so much for sending me your latest software version. Your program installed without so much as a tiny hiccup. I found that your installation instructions were very clear. Let me say that I'm exceedingly impressed with the quality of the interpretations and the vast array of on-screen options. You have obviously put a lot of thought, love and attention to all the nit-picky details into designing a truly beautiful, user-friendly vedic astrology program. I'm delighted with it. -EM

I really enjoy your program, and I want to *thank you* for producing it. It's obviously a labor of love for you, and a tremendous labor saver for astrologers in general. The interface is beautiful, you've thought of so many terrific ways to make everything so useful and convenient! -GR

Every time I use it I encounter another feature that makes me say to myself, "This is an awesome program." -LO

The program is superbly designed. In fact I could find anything within an hour or so. -RG

The program so far is behaving superbly. I am always full of praise over your program when I discuss it with anyone. It truly is a magnificent piece of design and programming. -LI

I do love the program and as I've said before, your work is of monumental historical significance. -US

I have just printed the first chart with readings. I am absolutely delighted with the result. I have seen all astro programs available in India or here in North America, but yours is by far the best, in terms of ease, depth, and thoroughness. -YR

Much better than my expectation. Every feature is very nice, I have no words to express my best feelings. Every day I find a new feature in your program. My mother tongue is not English and you could not understand Hindi or Urdu, and it is a matter of fact that I could not praise your program the way in which I want.

Very difficult to express my best feeling to you and your wife. May The Almighty gave you more courage, ability, knowledge to serve the humanity. God bless you. - MK, Sydney Australia

I like your Goravani program very much. I think you make it possible for people to become very fast and accurate in their practice of astrology. No other program I've seen is anything like Goravani Jyotish. Thanks very much for your efforts for the Indian culture and philosophy. - KK, Toronto

I want you to know how grateful I am for your persistent efforts to make such a high quality product. In my mind, your program has the distinction of being the best in its class! - RB

I recently ordered your program and I'm extremely impressed with it. It's so comprehensive, I kept thinking it must be divinely inspired. Congratulations on a terrific accomplishment! I LOVE IT! -CF

I received the new version and thanks for the entire good job you have done for the love of GOD. Your software is a tremendous help in my job of astrologer. -PA, Paris

Since I have purchased (multiple) programs, I think I may be able to answer this question...I would recommend first to buyers to buy Goravani's program. It is a MUCH finer product--clearly a labor of love--intuitive and wide reaching in its scope. - SF

Personal Panchang/Tarabala Calendar

This calendar is calculated for a specific person or chart. It gives a compact entry for each day listing the times when lunar information changes, and shows the ongoing tara bala and chandra bala (types of lunar strengths of auspiciousness) from both the Moon and Lagna. Whenever the Moon changes Nakshatra or Tithi a new entry is created.

Panchang Listing

The Panchang is the Lunar Calendar, which is still in use in India today. This version gives full information of the changes of more than the 5 traditional aspects of the calendar. All times are adjusted for the selected city, so that you know exactly when these matters change for you. The dashes and sign placements of the transiting planets are also shown if this report is printed when there is a subject chart in memory, thus nicely personalizing the printout.

THE FOLLOWING PAGES WILL PROVIDE PROOF OF GJ'S WONDERFUL INTERFACE.

KEEP IN MIND, THIS IS ONLY A SMALL SAMPLING OF IT'S HUNDREDS OF WONDERFUL WINDOWS OF OPPORTUNITY.

First, you have 4 Main Work window options. Below is the first, and probably most popular, because of it's completeness and clarity. There are 3 others, with different approaches. One of them is completely customizable. One of them is colorful and inspirational. Instead of forcing you to work one way, GJ offers you 4 ways to fly, and one of those is willing to be completely reshaped, and made the way you want. You'll be sure to find one that works your way.

The "Rao Format"

During the mid 1990's, Mr. KN Rao, a leading Jyotishi, author and teacher of Jyotish from Delhi India poularized this format amongst his students in the East and West, and hence we have included it in the Software. Currently it is the only printout that only comes in one format, which is the one you see here, which is South Indian Squares.

Onscreen Manual in Adobe Acrobat - This is what the online manual look like. It is fully searchable. The table of contents appears down the left side. Click a topic, and it goes there. There is also a number of other online books included with the program in this world class, widely accepted and used format.

The Kakshya Transits Feature- Using this technique helps to exactly time predictions within wider periods of time outlined by the dashes.

Pro Page #2

This is one of our most popular "all in one" chart pages because it also has the degrees for the planets in the chart itself. Practically everything one needs to study a chart is found on this one page. Tip: Make this printout the only one contained in a "report set" and then select that "set" for any selected group of charts to print this one page for all of them with one click!

Grouping your charts feature

The Top Picture shows the window where you create and assign characteristics, and The next picture shows the selection list (it has unlimited length scroll-ability) that you use to then later pull up all the charts with the selected characteristic.

- Activist

Chart Entry - Notice that you can elect to print a group of reports or printouts, which will be done for you automatically after the chart you enter is calculated- one step easy and done!

We'd love to go on showing off the hundreds of windows you'll find in Goravani Jyotish, but unfortunately space and practicality won't allow it. Trust us though, the program is packed with useful, powerful and interesting features. We've only shown you a small and random sampling here. Don't think that these few windows we've shown you in any way represent the extent of the program.

Aspects Report & Six Charts Per Page

The top left shows you what is aspecting what in the chart. The lower is an interesting one. Each of the six is a different person. A handy way to carry the basics for many people. Load a list in the program, sort it, then hilite the ones you want, print this report, presto!

Next, we'll take a look at a **SAMPLING** of the many printouts and reports Goravani Jyotish offers. It's important to remember that each chart report you see herein probably comes in Southern, Northern, and sometimes Yantra and Wheel styles. Then there is also the matter of glyphs and letters. If you don't see your preference used, keep in mind that glyphs and letters are program wide options which will then be applied to all the reports and windows you use.
